

**CINEPLEX NOIR**  
**ACTIVELY**  
**CANCELING**  
**NOISE**

Engineered to Absorb the Unwanted.

## Cineplex Noir?

**Cineplex Noir** acoustic ceiling tiles are more than just panels, they are **precision-crafted solutions for controlling sound**. Made from non-combustible Glasswool and faced with a sleek black tissue finish, they deliver **exceptional absorption, reduce echo and reverb**, and enhance the clarity of every space.

Isover products are manufactured according to ISO 9001:2015 and ISO 14001:2015., Cineplex Noir combines performance, sustainability, and design in one elegant solution.

## Why Choose Cineplex Noir?

### Exceptional Acoustic Control

NRC up to 0.85 for superior absorption of unwanted noise and echoes.

### Fire Safe

Non-combustible, tested to SANS 10177 Part 5.

### Environmentally Responsible

Manufactured with recycled glass, zero ODP, zero GWP.

### Lightweight & Durable

Easy to install, will not sag, inert, and non-hygroscopic.

### Thermal Comfort

Enhances energy efficiency with good thermal resistance.

## Cinemas

*Every seat deserves the perfect sound experience.*

Cineplex Noir eliminates echoes and unwanted reverb, ensuring moviegoers hear every word and every sound effect as intended. From whispered dialogue to explosive action, the audience gets crystal-clear audio immersion.

## Concert Halls & Auditoriums

*Where sound is performance.*

Engineered to absorb the unwanted, Cineplex Noir balances acoustics to keep music, speeches, and performances crisp and resonant. It reduces noise spillover and enhances clarity, so every note carries with precision.

## Entrance Halls & Public Spaces

*First impressions matter.*

High-traffic entrance halls are often plagued by echoes and background chatter. Cineplex Noir calms the acoustics, creating a welcoming environment where conversations are clear and the architectural design shines.
